### OPERATIONAL REVIEW & STATE OF COMPANY'S AFFAIRS:

#### a) Fertilizer Division :-

The Company has produced 27240.377 M.T. SSP and sold 28311.750 M.T. SSP during the year ended 31st March, 2021. COVID 19 pandemic has adversely affected the performance and as a result company suffered losses.

In Maharashtra state farmers prefer our "BHARAT" Brand being old, reputed and good quality material as compared to other brand and will have better future for our industry in long term business with many changes in crop cultivation by farmers.

#### b) Realty Division :-

The Company have approvals and sanctioned plans for Phase-II residential project for an area of 3,05,000 Sq. Ft. Saleable area. The company is expecting revenue of Rs. 350 Crores approx. from this project in phase manner and will launch the project soon. Commencement of the project got delayed due to COVID 19 pandemic and various restrictions imposed from time to time by Central as well as State Government.

Company is in final Stage of start-up pending Two Nos. High Rise Towers (2 Nos.) Stilt + 45 Floor in next year to generate sufficient revenue from this project.

#### c) Resort Division (ANCHAVIYO):-

ANCHAVIYO, Luxury boutique resort getting good response from guests being resort nearer to Mumbai and many corporate events are done on customised basis. Currently resort is having 24 uniquely designed rooms with all day multi cuisine restaurant, SPA and banquet hall for gathering upto 100 guests.

Further details are available on Website [www.anchaviyo.com](http://www.anchaviyo.com)

Due to Covid restrictions to Hospitality Industry has overall decline in operations but we converted our ANCHAVIYO RESORT into destination Wedding as well as for Guest, Film, Serial and Web Series Shooting upto 70-80 persons at a time.

### COVID-19:

The Covid-19 pandemic has been a particularly difficult period. But, we have been able to resume business operations despite hardships and have reached pre-Covid levels. Our profitability also stands at par with levels achieved last year. Our constant effort to safeguard the health and safety of our employees enabled us to achieve zero casualties during the year.

**DIVIDEND:**

Your Directors do not recommended any dividend for the year ended 31<sup>st</sup> March, 2021 due to loss incurred during the financial year.

**RESERVES:**

**ANNEXURE “D”****MANAGEMENT DISCUSSION & ANALYSIS REPORT****FERTILISER DIVISION**

SSP is an important source of primary nutrient containing phosphate. In addition to phosphate, it contains sulphur, Calcium and a few micronutrients in traces. Single Super Phosphate is one of the important fertilisers manufactured in India. It continues to be a popular fertiliser.

SSP is the cheapest Fertiliser amongst all Farmers community and very good source for P<sub>2</sub>O<sub>5</sub> as compared to any Fertiliser commodities.

Our brand “BHARAT” is very much popular in Farmers community since in operation from 1963. So company can encash such Goodwill in Maharashtra state in future after resolving present crisis of Raw Material shortages in international market and additional Working Capitals from existing Bankers.

All India production of SSP at 4916.0 thousand tonnes during 2020-21 was 15.8% higher than the level of 2019-20. and capacity utilisation of SSP improved from 41.4% during 2019-2020 to 45.9% during 2020-2021. A large capacity of SSP has been built in the country over the years. The total number of SSP plants touched 112 at the end of 2020-21 out of 112 listed, 90 plants were in operation during 2020-21.

Government of India through DOF fixed Subsidy on SSP under DBT and NBS Policy from time to time so that all Fertiliser including SSP Fertiliser is available to Farmers at reasonable price to enable them for higher agricultural food grain production in India.

The Government of India implemented NBS Policy for SSP w.e.f. from 1<sup>st</sup> May 2010. The Subsidy Rate for SSP increased to Rs.2734/- PMT and Rs.2826 PMT in 2018-19 and 2019-2020, respectively. During 2020-21, the subsidy rate of SSP reduced to Rs.2643/- PMT.

For the current year i.e.2021-22 the subsidy rate under NBS from 1<sup>st</sup> April to 19<sup>th</sup> May 2021 remain the same of the previous year. However, w.e.f. 20<sup>th</sup> May, 2021, NBS rates for P containing fertiliser have been revised w.e.f. 20<sup>th</sup> May 2021 upto 31<sup>st</sup> October 2021. With this steep increase, the subsidy rate for SSP increased by 184% from Rs.2643/- PMT in 2020-21 (also upto 19<sup>th</sup> May 2021) to Rs.7513/- PMT. The Subsidy Rate for SSP Rs. Rs.7513/- PMT. w.e.f. 20<sup>th</sup> May 2021.

The Budget allocation for SSP Subsidy is streamlined by GOI and there is no delay in Subsidy on regular basis from last few months of 2020-2021 and hope same will be continued in future also.

We will entered into a Marketing Arrangements with M/s. Greenstar Fertilizers, Chennai for Marketing Tie-up for 20,000 M.T. to increase our sale revenue through their dealers Net Work for which operation will start after required permission from DOF and Agriculture, Pune.

**REALTY DIVISION**

Flourishing economy and Good connectivity have been the growth drivers for the Thane real estate market. Thane is all set to see more developments for providing a world-class living experience for its citizens. Thane fulfils the expectations of homebuyers of all categories with its wide-range of options for residential properties. Investors look up to this booming marketplace for safeguarding healthy returns.

Thane enjoys superb connectivity to Navi Mumbai as well as to the Eastern and Western Suburbs of Mumbai via Ghodbunder Road, JVL R, SCLR, Eastern Freeway, NH 8, Mumbai-Nashik Highway and the Thane-Belapur Road. Besides, the Central Harbour Rail Line, Thane-Panvel Rail Line and Central Railways connect Thane to Mumbai's railway network.

Future connectivity plans include the proposed metro rail that would run along the Ghodbunder Road with more than 10 halts within Thane itself. With the metro, the travel time between Thane and Wadala is expected to reduce by half. Other infrastructural developments on the cards include construction of the Thane-Diva Road, the flyover at Bhiwandi bypass, metro-3 project to Kalyan and Mira - Bhayander areas and parallel roads from Thane to Kalyan along the metro line.

Indian real estate is witnessing a paradigm change which began with demonetization, the legislation on benami properties, the Real Estate Regulatory Authority (RERA) and the Goods and Services Tax (GST) hits real estate sector.

Thane account for nearly one-third of the unsold stock in the region and the trend has been similar during the past five years. Lesser launches in Thane and Navi Mumbai, coupled with better off-take compared to Mumbai (due to higher affordability), have kept the unsold stock in these regions on the lower side.

A major reason behind low sales was demand-supply mismatch. Out of the total unsold inventory, a lot of units are in the high-end and luxury housing segment, which is not in line with the demand from homebuyers. It seems developers have now realised that. Currently though the number of project launches increased, most of these were in the mid or affordable segments, which are in demand. Developers are trying to cash in on the advantage of Pradhan Mantri Awas Yojana and are launching projects that qualify for subsidies under the scheme and interest subvention scheme.

Company is in final Stage of start-up pending Two Nos. High Rise Towers (2 Nos.) Stilt + 45 Floor in next year to generate sufficient revenue from this project.

**ANNEXURE TO DIRECTORS' REPORT  
REPORT ON CORPORATE GOVERNANCE**

Pursuant to Regulation 34(3) read with Schedule V to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations") a report on compliance with the Corporate Governance for the year ended 31<sup>st</sup> March, 2021 is detailed below:-

**1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:**

Corporate Governance is a set of systems and practices to ensure that the affairs of the Company are being managed in a way which ensures accountability, transparency, and fairness in all its transactions in the widest sense and meet its stakeholder's aspirations and social expectations. Good Corporate Governance practices stem from the culture and mindset of the organization and at Bharat Agri Fert & Realty Limited (BAFRL) we are committed to do business in an efficient, responsible, honest and ethical manner and to meet the aspirations of all our stakeholders.

The Company's corporate governance structure plays a pivotal role in realizing this long term goal. It provides the fundamental systems, processes and principles that promote objective decision making, performance based management and a corporate culture that is characterized by integrity and fairness in all dealings. Critical to this, is the high degree of transparency in disclosures across all levels of stakeholder engagement, which are periodically done while maintaining the importance of reserving competitive information from being disseminated.

The Company is committed to enhance shareholders value in the fair and transparent manner and has been in the forefront for bench marking itself with the best business practices globally.

**2. BOARD OF DIRECTORS:**

**2.1 Composition of the Board:**

The Company has an optimum composition of Executive Directors and Non-Executive Directors and is in conformity with the provisions of the Companies Act, 2013 and SEBI Listing Regulations which inter alia stipulates that the Board should have an optimum combination of Executive Directors and Non-Executive Directors with at least one Woman Director and not less than fifty per cent of the Board should consist of Independent Directors, if the Chairman of the Board is an Executive Director.

The Board comprises of ten Directors, of which five are Independent Directors and five are Executive Directors. The Company has Two Women Directors on the Board.

All the Directors possess the requisite qualifications and experience in general corporate management, finance, business and other allied fields enabling them to contribute effectively in their capacity as Directors of the Company.

The Board on the recommendation of Nomination and Remuneration Committee has appointed Shri. Vijay M. Mistry (DIN: 08608372), as an Additional Director in Independent capacity on the Board of the Company with effect 27<sup>th</sup> December, 2019. Further, Shri. Vijay M. Mistry was appointed as Non-Executive Independent Directors of the Company for a period of Five (5) years at the 34<sup>th</sup> Annual General Meeting held on 26<sup>th</sup> September, 2019.

The Board on the recommendation of Nomination and Remuneration Committee has appointed Shri. Vijaykumar I. Patel (DIN: 02031833), as an Additional Director in Independent capacity on the Board of the Company with effect 29<sup>th</sup> June 2020. Further, Shri. Vijaykumar I. Patel was appointed as Non-Executive Independent Directors of the Company for a period of Five (5) years at the 34<sup>th</sup> Annual General Meeting held on 26<sup>th</sup> September, 2019.

The Independent Directors of the Company do not draw any remuneration and they do not have any material pecuniary relationship or transaction with the Company, its promoters, its directors, its senior management and its associates which may affect the independence of the Directors.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF

### **Bharat Agri Fert and Realty Limited**

### **Report on the Audit of the Standalone Financial Statements**

#### **Qualified Opinion**

We have audited the accompanying standalone financial statements of **Bharat Agri Fert and Realty Limited** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of matters described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and its loss, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### **Basis for Qualified Opinion**

##### **a) Loan given to an Associate Company - Mol Chem Ltd**

As per the agreement dated 28th May 2015, the Company had given loan to M/s Mol Chem Ltd aggregating to Rs.8.25 Crore. The loan was repayable over a period of five years. Delays/defaults were observed in payment of interest and in view of this the Company had amended agreement. However, same was not complied by M/s Mol Chem Ltd. In view of this, the said loan was recalled on 31/08/2019. The Loan amount is Rs.8.99 Crores as at 31st March 2021. The management of Company has informed that, all necessary steps are taken by the Company. However, there is no recovery of the said loan in spite of significant time is lapsed. Company has not made any provision in respect of the said outstanding loan.

##### **b) Investment in an Associate Company - Mol Chem Ltd:**

Carrying value of the equity shares investment in an associate Company -Mol Chem Ltd is Rs.35.06 lacs as at 31st March 2021. The fair valuation report as required by Ind AS 109 is not on record. In spite of the significant time has lapsed, Mol Chem did not able to service the loan availed from the Company. In spite of this, the Company has not made any provision regarding the said equity investment in Mol Chem Ltd.

##### **c) Carrying value of old overdue trade receivables is Rs.9.74 Crores as at 31st March 2021. The Company has not made any provision regarding the said old overdue trade receivables.**

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

**Emphasis of Matter****a) Transfer Developments Rights:**

The Company has made payment for the purpose of purchase of Transfer Developments Rights (TDR) from M/s Hubtown Limited (erstwhile Acruti City Limited) on 19/09/2014 for a sum aggregating to Rs.9.66 Crores. The Company has informed that, TDR is transferred in it's name and it has received short TDR for area 332.180 sq. mtrs. aggregating to Rs.1.36 Crores. The Company has not filled any claim for the said short receipt of TDR. The Company has purchased corporate office from M/s Hubtown Limited (erstwhile Acruti City Limited) and has contended ultimately to adjust the short receipt of TDR by way of maintenance of its corporate office at Andheri payable to M/s Hubtown Limited (erstwhile Acruti City Limited). The Company is intending to use the said TDR and other TDRs purchased in the proposed development of the real estate business. Carrying value of the said TDR aggregating to Rs.9.66 Crores as at 31<sup>st</sup> March 2021 and other TDR purchased depends on the Company's ability to further fund the proposed development of realty business & other business segments.

**b) Society Maintenance Charges (SMC):**

Society maintenance charges aggregating to Rs.0.26 Crores (app.) are very old and the Company has not made provision in this regard. The matter is not sub-judice. The management of Company has informed that, all necessary steps are taken by the Company and is hopeful about recovery of the SMC.

**c) Confirmations of the certain trade receivables, trade payables & other receivables:**

Balances of the certain trade receivables, trade payables & other receivables are subject to confirmations and reconciliations. Management has stated that, all known liabilities are duly provided by the Company.

**d) Old overdue advances:**

The Company has given advances to certain parties aggregating to Rs.1.30 Crores (app) Certain material amount of advances are old and overdue. Company's management is of the opinion that, the intended material/services are received from certain parties for which expenses will be booked after receipt of bills and in respect of certain parties material/services will be received in future and accordingly no provision is necessary in this regard. It is also informed that, in case of few advances, some parties may refund the advances to the Company.

**e) Subjudice matters:**

The Company has informed that, certain matters are subjudice as at 31<sup>st</sup> March 2021. The summary in brief is as under:

Sn.	Particulars	Amt. Rs.(in Crores)
1	Amount deposited in protest with MSEDCL	0.53
2	Society common area maintenance charges receivables	1.15
3	Maintenance Charges payable*	0.33

\* The case is yet to be admitted

The management has stated that, being the matters are subjudice no impact of these is envisaged on the financial statements.

**f) The above stated illustrative matters coupled by COVID situation has significantly affected the company's cash flows and ability to raise further funds. This has an impact on Company's business, which further depends upon outcome of the above matters and ability of the Company to raise the funds.**

Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in

accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

#### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses modified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT**

**(Referred to in paragraph 1 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Bharat Agri Fert and Realty Limited of even date)**

**Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Bharat Agri Fert and Realty Limited** (the "Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Basis of Qualified Opinion**

According to the information and explanations given to us and based on our audit, the following material weaknesses has been identified in the operating effectiveness of the Company's internal financial controls over financial statements as at March 31, 2021:

1. Loan given to an Associate Company - Mol Chem Ltd
2. Investment in an Associate Company - Mol Chem Ltd
3. Non provisioning of old overdue trade receivables

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial statements, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected on a timely basis.

**Qualified Opinion**

In our opinion, to the best of our information and according to the explanations given to us, except for the effects / possible effects of the material weaknesses described above under Basis for Qualified Opinion paragraph on the achievement of the objectives of the control criteria, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**Annexure – B to the Independent Auditors’ Report**

The Annexure referred to in Independent Auditors’ Report to the members of the Company on the standalone financial statements for the year ended 31<sup>st</sup> March 2021, we report that:

(i) In respect of Company’s property plant and equipment:

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property plant and equipment.

(b) The Company has a regular programme of physical verification of its property plant and equipment by which property plant and equipment are verified in a phased manner over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain property plant and equipment were verified during the year and no material discrepancies were noticed on such verification. However, these discrepancies need to be further analysed in view of clause (i) (a) above.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.

(ii) in respect Company’s inventories:

The inventory has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable.

The discrepancies noticed on verification between the physical stocks and the book records were not material.

(iii) in respect of loans secured or unsecured, granted to companies, firms, Limited Liability Partnerships or other parties covered in register maintained under section 189 of the Act:

The Company has granted loan to a company (associate) covered in the register maintained under section 189 of the Act.

(a) In our opinion, the rate of interest and other terms and conditions on which the loans had been granted to a company (associate) listed in the register maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.

(b) Schedule of repayment of principal and payment of interest has been stipulated. Quarterly interest payment with one-year moratorium is stipulated. Principal is repayable within a period of five years from the date of disbursement. Delays/defaults were observed in payment of interest and in view of this the Company had amended agreement. However, same was not complied by M/s Mol Chem Ltd. In view of this, the said loan was recalled on 31/08/2019. The Loan amount is Rs.8.99 Crores as at 31<sup>st</sup> March 2021.

(c) As the principal is recalled as stated above. Interest aggregating to Rs.0.78 Crore is overdue till date. The Company has taken reasonable steps for recovery.

(iv) The Company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Act. The Company has complied with the provisions of Section 186 of the Act in respect of investments made and loans given to the associate covered under Section 186.

(v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public.

Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.

(vi) We have broadly reviewed the books of accounts and records maintained by the Company pursuant to the Rules prescribed by the Central Government under sub section (1) of section 148 of the Act and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.

(vii) in respect of statutory dues:

(a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including provident fund, employee state insurance, income-tax, value added tax, duty of customs, corresponding cess ,service tax, GST ,professional tax, and other material statutory dues have been generally regularly deposited during the year by the Company with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, value added tax, duty of customs, corresponding cess, service tax, GST, professional tax, and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no material statutory dues which have not been deposited with the appropriate authorities on account of any dispute, other than the following dues of VAT and Income tax:

Name of the Statute	Nature of Dues	Period to which it pertains	Forum Where Dispute is Pending	Amount (Excluding Interest and Penalty) (Rs. In Lakhs)
The Maharashtra Value added tax Act, 2002	Local Body Tax	2013-2014	Asst. Commissioner Thane Mun. Corp.	1.40
		2014-15	-----DO-----	15.61
		<b>TOTAL</b>		<b>17.01</b>

Income Tax Act,1961	Income Tax	<b>FY2017-18</b>	<b>CIT (A)</b>	<b>9.33</b>

(viii) According to the information and explanations given to us, the Company has not defaulted any loans or borrowings from any, bank during the year.

(ix) The Company did not raise any moneys by way of initial public offer or further public offer (including debt instruments) or by way of Term Loans during the year.

(x) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

(xi) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

(xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.

(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting standard (IND AS) 24, Related Party Disclosure specified under Section 133 of the Act.

(xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment of shares. The Company has not made private placement of partly or fully convertible debentures during the year under review.

(xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him.

Accordingly, paragraph 3(xv) of the Order is not applicable.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable.

**NOTES to the Standalone Financial Statements for the year ended March 31, 2021****1. Corporate Information about the Company**

These statements comprise financial statements of Bharat Agri Fert Realty Limited (referred to as “the Company”) (CIN: L24100MH1985PLC036547) for the year ended March 31, 2021. The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its Equity shares are listed on Bombay Stock Exchange in India. The registered office of the company is located at 301, 3rd Floor, Hubtown Solaris, N S Phadke Marg, near Gokhale Bridge, Andheri (East), Mumbai - 400 069.

The Company is principally engaged in the business of construction and development of Residential and Commercial Complex, Manufacture of Fertilisers and Operating Resort.

The financial statements were approved by the Board of Directors and authorised for issue on June 30, 2021.

**2. Significant Accounting Policies****a. Statement of Compliance**

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) as amended and notified by Ministry of Corporate Affairs (“MCA”) pursuant to Section 133 of the Companies Act, 2013 read with Rule 3.

**b. Basis of preparation & presentation**

The Financial Statements have been prepared on the historical cost basis except for certain revalued PPE and financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these Financial Statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 ‘Inventories’ (“Ind AS 2”), Employee defined benefit assets/(obligations) are recognised at the present value of the defined benefit obligations.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, Level 2 or Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

All assets and liabilities have been classified as Current and Non-Current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products/ services rendered and the time between the rendering of the

products/services and their realisation in cash and cash equivalent, the Company has ascertained its operating cycle as twelve months for the purpose of Current and Non- Current classification of assets and liabilities.

All the Indian Accounting Standards ("Ind AS") issued and notified by the MCA are effective and considered for the significant accounting policies to the extent relevant and applicable for the Company.

The Financial Statements are presented in Indian Rupee ("INR"), which is the Company's functional currency and all values are rounded to the nearest lakhs upto two decimals, except when otherwise indicated.

### **c. Key Accounting Estimates and Judgements**

The preparation of Financial Statements in conformity with Ind AS requires Management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these Financial Statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future period, if the revision affects current and future periods.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year are:

#### **i) Useful Lives of Property , Plant and Equipment and Intangible Assets**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed using the best information available to the Management.

#### **ii) Provisions, Liabilities and Contingencies**

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgments to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre - tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised, but disclosed in the Financial Statements when an inflow of economic benefit is probable. Provisions, contingent liability and assets are reviewed at each reporting date and are adjusted to reflect the current best estimates.

#### **iii) Recognition and Measurement of defined benefit obligation**

The obligation arising from defined benefit plans is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions.

All assumptions are reviewed at each reporting date.

**iv) Income Taxes**

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgements is also required in determining deferred tax assets and liabilities and recoverability of deferred tax assets which is based on estimates of taxable income.

**d. Property, Plant and Equipment**

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Freehold land are stated at cost. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from its previously assessed standard of performance. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Borrowing costs directly attributable to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the Property, plant and equipment is de-recognized.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is neither related to the construction activity nor is incidental thereto is charged to the statement of profit and loss.

Costs of assets not ready for use at the balance sheet date are disclosed under capital work-in-progress.

**Depreciation methods, estimated useful lives and residual value**

Depreciation is calculated on written down value basis over the useful lives estimated by the management based on internal assessment as follows:

Particulars	Useful Life
Factory/Office Buildings	58 years
Plant and Machinery and ETP	18 years
Pollution Control Equipments	18 years
Laboratory Equipments	15 years
Electrical Installation	18 years
Office Equipments	15 years
Computers	6 years
Furniture and Fixtures	15 years
Vehicles	10 years

The Company, based on internal assessments, believes that the useful live as given above represents period over which the Management expects to use these assets. Hence, the useful lives for these assets is difference from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. The residual values are not more than 5% of the original cost of the asset.

#### e. Intangible assets

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and accumulated impairment loss.

Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

#### Amortisation methods and periods

Intangible assets are amortized on a written down value basis over the useful life of five years which is estimated by the management

The estimated useful lives of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

#### f. Impairment of Tangible Assets and Intangible Assets other than Goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

**g. Investments in Associates**

Investments in associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in associates, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

**h. Inventories**

**(a) Fertiliser Division:**

**Raw Materials and Stores and Spares** are valued at lower of moving average cost or net realisable value.

**Finished stocks** are valued at cost or net realisable value whichever is lower.

**(b) Construction Division:**

Inventory comprises completed property for sale and property under construction (Construction Work-in-Progress).

- Completed unsold inventory is valued at lower of cost and net realisable value. Cost is determined by including cost of land (at book value), TDR, materials, services and other related proportionate overheads.
- Work-in-progress is valued at lower of cost and net realisable value. Cost comprises cost of land (at book value), materials, services and other proportionate overheads related to projects under construction.

The valuation of inventories includes taxes, duties of non refundable nature and direct expenses and other direct cost attributable to the cost of inventory, net of GST/ countervailing duty / education cess and value added tax.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

**i. Cash and Cash Equivalents**

Cash and cash equivalents includes cash in hand, demand deposits with banks and other short term highly liquid investments, which are readily convertible into cash and which are subject to an insignificant risk of change in value and have original maturities of three months or less.

**j. Statement of Cash Flows**

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash.

**k. Financial Instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of Profit and Loss.

**Financial Assets:**

On initial recognition, a financial asset is recognised at fair value. All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value through profit or loss ("FVTPL") or fair value through other comprehensive income ("FVOCI") depending on the classification of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

**Trade Receivables and Loans:**

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the Effective Interest Rate ("EIR") method net of any Expected Credit Losses ("ECL"). The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

**Equity Instruments:**

All investments in equity instruments classified under financial assets are initially measured at fair value. The Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument- by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

**Derecognition:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

**Impairment of Financial Asset**

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

Expected credit losses is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

. All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.

. Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

#### **Financial Liabilities and Equity Instruments Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### **Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

#### **Financial Liabilities**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as FVTPL. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

All financial liabilities are subsequently measured at amortized cost using the effective interest method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss. Interest expense are included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The EIR is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

### Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

When guarantee in relation to loans or other payables of subsidiaries are provided for no compensation, the fair values are accounted for as contributions and recognised as cost of investment.

### Derecognition of Financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

### Derivative Financial Instruments

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately. The Company has not designated any derivative instruments as a hedging instrument.

## 1. Provisions, Liabilities and Contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

## m. Revenue Recognition

The Company derives revenues primarily from Sale of Fertiliser and business of Real Estate Development; its other operating revenues include Lease Rentals and Subvention Income.

Revenue from contracts with customers for sale of goods or services is recognised when the Company satisfies performance obligation by transferring promised goods or services to the customer at an amount that reflects the consideration which the Company is expected to be entitled to in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for trade discounts, incentives and returns, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. The trade discounts incentives and right of return are estimated and provided for, based on historical, current and forecast information available. A refund liability is recognised for expected returns in relation to sales made, corresponding assets are recognised for the products expected to be returned.

The Company does not expect to have any contract where the period between the transfer of the promised goods or services to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of

money.

#### **Sale of Goods**

Revenue from sale of goods is recognised at a point in time when the control of the goods is transferred to the customer involving single performance obligation. The control of goods is transferred to the customer depending upon the incoterms or as agreed with customer, delivery basis or dispatch, as the case may be (i.e. at the point in time when goods are delivered at the dealer site or when the customer purchases the goods at the retail outlet).

#### **Sale of Services**

Revenue from services, which mainly consists of lease rentals from letting of space, is recognised over time on satisfying performance obligations as per the terms of agreement, that is, by reference to the period in which services are being rendered. Revenue from services, if any, involving single performance obligation is recognised at a point in time.

Revenue is recognized upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain. Revenue from rendering of services is net of Indirect taxes, returns and discounts.

#### **Government Subsidy**

Subsidy is recognised on the basis of the rates notified from time to time by the Government of India in accordance with the Nutrient Based Subsidy (NBS) policy on the quantity of fertilisers sold by the Company for the period for which notification has been issued.

#### **Construction and real estate development**

The company derives revenues from sale of properties comprising of and residential units. The Company recognises revenue when it determines the satisfaction of performance obligations at a point in time. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products.

In arrangements for sale of units the Company has applied the guidance in Ind AS 115, Revenue from contract with customer, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering sale of units as distinct performance obligations.

For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer.

For sale of units the Company recognises revenue when its performance obligations are satisfied and customer obtains control of the asset.

Revenue from trading activity, in property as well as Transferable Development Rights (TDR), is recognized when significant risk and rewards of the property/TDR are transferred to the buyer, as demonstrated by transfer of physical possession and transfer of the title in the property/TDR.

#### **Trade Receivables, Contract Assets and Contract Liabilities Trade Receivables**

A receivable is recognised by the Company when the control over the goods and services is transferred to the customer such as when goods and services are delivered as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due (which is referred to as "Trade Receivable").

A receivable is recognised when the Company's right to an amount of consideration under the contract with the customer that is unconditional, as only the passage of time is required before payment is due.

#### **Contract Assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the

customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

#### **Contract liabilities**

A contract liability is the obligation to transfer goods or services to the customer for which the consideration (or the amount is due) has been received from the customer. If the customer pays the consideration before the transfer of goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

#### **Interest Income and Dividend**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rates. Interest income is included under the head "Other Income" in the Statement of Profit and Loss.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income from a financial asset is recognized using the effective interest rate (EIR), which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income is recognised when the right to receive the payment is established. Incomes from investments are accounted on an accrual basis.

#### **n. Lease Liability**

##### **Short-term leases and leases of low-value assets**

The Company has elected not to recognise right-to-use assets and Lease Liabilities for short-term lease of Property, Plant and Equipment that have a lease term of 12 months or less and leases of low-value assets. The Company recognise the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'Other Operating Income under Revenue from Operation' in the Statement of Profit and Loss.

#### **o. Cost Recognition**

Costs and expenses are recognised when incurred and are classified according to their nature.

#### **p. Employee Benefits**

##### **Long Term Post-employment benefits**

Contributions to defined contribution schemes are recognised as an expense when employees have rendered service entitling them to the contributions.

##### **Provident and Family Pension Fund**

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both the employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the provident fund and pension fund to respective Regional Provident Fund Commissioner. The Company has no further obligations beyond making the contribution.

##### **The company has the following Defined Benefit Plans:**

##### **Gratuity**

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees.

Other long term employee benefits - The Company provides for encashment of leave or leave with pay subject to certain rules.

The Company makes provision for such compensated absences based on an actuarial valuation by an independent actuary at the year end, which is calculated using Project Unit Credit Method

(PUCM). Actuarial gains and losses which comprise experience adjustment and the effect of change in actuarial assumptions are recognised in the Statement of Profit and Loss.

#### **Short Term Employee Benefits**

A liability is recognised for benefits accruing to employees in respect of wages and salaries, performance incentives and similar benefits other than compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### **q. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

#### **r. Government Grants**

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance Sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in Statement of Profit and Loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

#### **s. Foreign Currency Transactions**

The management of the Company has determined Indian Rupee ("INR") as the functional currency of the Company. In preparing the Financial Statements of the Company, transactions in currencies other than the Company's functional currency ("foreign currencies") are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

#### **t. Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus issue, bonus element in a rights issue and shares split that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average

number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

#### u. Taxation

##### Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

##### Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and their corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against those deductible temporary differences which can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset if there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the current tax liabilities and assets on a net or simultaneous basis.

##### Current and deferred tax for the year

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

#### v. Segment Reporting

Ind AS 108 establishes standards for the way that public enterprises report information about operating segments and related disclosures about products, services, geographic areas, and major customers. Based on the 'management approach' as defined in Ind AS 108, the company is required to present information in the manner which the Chief Operating Decision Maker ("CODM") evaluates the company's performance and allocates resources. The analysis is generally based on an analysis of various performance indicators by business segments.

The accounting principles used in the preparation of the Financial Statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the relevant applicable accounting policies above. Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment.

Segment assets include all operating assets used by the business segments and consist principally of

fixed assets, debtors and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business. Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses. Inter-segment transfers are accounted at prevailing market prices.

### **3. Significant accounting judgments, estimates and assumptions**

#### **i. Fair value measurement of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions.

#### **ii. Estimation of net realizable value for inventories**

Inventory is stated at the lower of cost and net realizable value (NRV). NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified.

#### **iii. Impairment of non - financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

#### **iv. Recoverability of trade receivables**

In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 - Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

#### **v. Defined benefit plans**

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Ind AS 108 establishes standards for the way that public enterprises report information about operating segments and related disclosures about products, services, geographic areas, and major customers. Based on the 'management approach' as defined in Ind AS 108, the company is required to present information in the manner which the Chief Operating Decision Maker ("CODM") evaluates the company's performance and allocates resources. The analysis is generally based on an analysis of various performance indicators by business segments.

The accounting principles used in the preparation of the Financial Statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the relevant applicable accounting policies above. Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, debtors and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business. Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses. Inter-segment transfers are accounted at prevailing market prices.

### 3. Significant accounting judgments, estimates and assumptions

#### i. Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions.

#### ii. Estimation of net realizable value for inventories

Inventory is stated at the lower of cost and net realizable value (NRV). NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified.

#### iii. Impairment of non - financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

#### iv. Recoverability of trade receivables

In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 - Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

#### v. Defined benefit plans

For the year ended March 31, 2021, the group has not recorded any impairment of receivables relating to amount owed by related parties (March 31, 2020: NIL). This assessment is undertaken each financial year through examining the financial position of the related party and market in which the related party operates.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****33. SEGMENT REPORTING**

A. For management purposes, the Company is organized into following three business units based on the risks and rates of returns of the products offered by these unit as per Ind AS 108 on 'Operating Segment' :

- Construction
- Fertilizers
- Resort

No operating segments have been aggregated to form the above reportable operating segment.

The Managing Director (MD) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

The management assessed that the fair value of cash and cash equivalent, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair values for loans, deposits and other non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the Fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of non current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****ii. Fair Value Hierarchy**

All assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

There have been no transfers among Level 1, Level 2 and Level 3 during the period

**Measurement**

**Level 1** - Level 1 hierarchy includes financial instruments measured using quoted prices.

**Level 2** - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3** - If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity shares included in level 3.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****iii. Valuation technique used to determine fair value**

Specific Valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

**iv. Valuation processes**

The finance department of the company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee(AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the company's quarterly reporting periods.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****35. FINANCIAL RISK MANAGEMENT**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee and finance team oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

The Company's activity exposes it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the company manages the risk.

**(A) Credit risk**

Credit risk is the risk that the counterparty will not meet its obligations leading to a financial loss. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

**(a) Trade and other receivables**

Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

A default on a financial asset is when the counterparty fails to make contractual payments of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

**i. Provision for expected credit losses**

The company follows 'simplified approach' for recognition of loss allowance on Trade receivables.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

**ii. Exposure - Trade Receivables**

The ageing of trade and other receivables that were not impaired was as follows:

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****(b) Other Financial Assets**

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The carrying amount of cash and cash equivalents, loans, deposits with banks and financial institutions and other financial assets represents the maximum credit exposure.

**(B) Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company consistently generated sufficient cash flows from operations to meet its financial obligations.

Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. In addition, the company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements.

**Contractual maturities of financial liabilities**

The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. In the table below, borrowings include principal cash flows.

**(C) Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as commodity price risk.

**(i) Foreign currency risk**

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the import payables.

The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies and standard operating procedures to mitigate the risks.

**(ii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The management is responsible for the monitoring of the Company' interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable and competitive cost of funding.

However, during the periods presented in the financial statements, the Company has primarily borrowed funds under fixed interest rate arrangements with banks and financial institutions and therefore the Company is not significantly exposed to interest rate risk.

**(iii) Inventory price risk**

The company is exposed to the movement in price of principal finished product i.e Fertilizer. The main raw material i.e Rock Phosphate is imported from Egypt and its price is variable depending upon exchange rate. Fertiliser being a seasonal as well as subsidized product; prices of fertilizer are monitored by government. Department of Fertilizer implemented "Direct Benefit Transfer" (DBT) system for eligibility of subsidy on sale of fertilizer through POS machines. Company monitors the fertilizer prices on daily basis and formulates the sales strategy to achieve maximum realisation.

**NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****36. CAPITAL MANAGEMENT**

For the purpose of the company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company includes within debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents and other bank balances.

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the financial information certified by directors to the extent it relates to the entity, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's and Board of Directors' Responsibilities for the consolidated financial statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Management and Board of Directors of the respective companies included in the consolidated financial statements are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the respective companies are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the consolidated financial statements are responsible for overseeing the financial reporting process of each company.

### Auditor's Responsibilities for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors.

For the other entity included in the consolidated financial statements, the financial information of which has been certified ed by directors of the associate, such other directors remain responsible for the direction, supervision and performance of the financial information certified out by them. We remain solely responsible for our audit opinion.

Our responsibilities in this regard are further described in sub-paragraph (a) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of the financial information certified by directors of the associate referred to in sub-paragraph (a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matters

(a) We did not audit the financial statements of the associate whose financial statements include the Company's share of net profit after tax of Rs. 5.57 lakhs, as considered in the consolidated financial statements. These financial statements have been by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate is based solely on the financial information of the associate certified by directors. Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the financial information of the associate certified by directors to the extent applicable to the Company.

#### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of on financial information of the associate as was certified by directors of the associate, as noted in the 'Other Matters' paragraph, we report, to the extent applicable, that:

a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief, were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and financial information certified by directors;

c) The consolidated balance sheet, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act;

e) On the basis of the written representations received from the directors of the Company as on 31<sup>st</sup> March 2021 taken on record by the Board of Directors of the Company and the financial information certified by directors of its associate company incorporated in India, none of the directors of the Company companies incorporated in India is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act; and

f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and its associate company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses modified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us the remuneration paid during the current year by the Company to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Company is not in excess of the limit laid down under Section 197 of the Act, except in case of the associate company where no such information is not on record.

2. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the financial information certified by directors of the associate as noted in the 'Other Matters' paragraph:

i. The consolidated financial statements disclose the impact of pending litigations as at 31 March 2021 on the consolidated financial position of the Company - Refer Note 31 to the consolidated financial statements;

ii. The Company did not have any material foreseeable losses on long-term contracts during the year ended 31 March 2021;

iii. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Company or its associate company incorporated in India during the year ended 31 March 2021;

**Annexure A**

to the Independent Auditor's report on the consolidated financial statements of **Bharat Agri Fert and Realty Limited** for the year ended 31 March 2021

Report on the internal financial controls with reference to the aforesaid consolidated financial statements under Section 143(3)(i) of the Companies Act, 2013

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In conjunction with our audit of the consolidated financial statements of **Bharat Agri Fert and Realty Limited** (hereinafter referred to as "the Company") as of and for the year ended 31 March 2021, we have audited the internal financial controls with reference to consolidated financial statements of the Company and an associate company incorporated in India under the Companies Act, 2013, which is an associate company, as of that date.

**Management's Responsibility for Internal Financial Controls**

The respective company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

**Auditor's Responsibility**

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

**Meaning of Internal Financial Controls with reference to consolidated financial statements**

A company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Basis of Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weaknesses has been identified in the operating effectiveness of the Company's internal financial controls over financial statements as at March 31, 2021:

4. Loan given to an Associate Company - Mol Chem Ltd
5. Investment in an Associate Company - Mol Chem Ltd
6. Non provisioning of old overdue trade receivables

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial statements, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected on a timely basis.

#### Qualified Opinion

In our opinion, the Company and an associate company incorporated in India, except for the effects / possible effects of the material weaknesses described above under Basis for Qualified Opinion paragraph on the achievement of the objectives of the control criteria, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

**NOTES to the Standalone Financial Statements for the year ended March 31, 2021****1. Corporate Information about the Company**

These statements comprise financial statements of Bharat Agri Fert Realty Limited (referred to as “the Company”) (CIN: L24100MH1985PLC036547) for the year ended March 31, 2021. The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. Its Equity shares are listed on Bombay Stock Exchange in India. The registered office of the company is located at 301, 3rd Floor, Hubtown Solaris, N S Phadke Marg, near Gokhale Bridge, Andheri (East), Mumbai - 400 069.

The Company is principally engaged in the business of construction and development of Residential and Commercial Complex, Manufacture of Fertilisers and Operating Resort.

The financial statements were approved by the Board of Directors and authorised for issue on June 30, 2021.

**2. Significant Accounting Policies****a. Statement of Compliance**

These Financial Statements have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) as amended and notified by Ministry of Corporate Affairs (“MCA”) pursuant to Section 133 of the Companies Act, 2013 read with Rule 3.

**b. Basis of preparation & presentation**

The Consolidated Financial Statements have been prepared on the historical cost basis except for certain revalued PPE and financial instruments that are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability, if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosure purposes in these Financial Statements is determined on such a basis, except for measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 ‘Inventories’ (“Ind AS 2”), Employee defined benefit assets/(obligations) are recognised at the present value of the defined benefit obligations.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, Level 2 or Level 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

All assets and liabilities have been classified as Current and Non-Current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products/ services rendered and the time between the rendering of the products/services and their realisation in cash and cash equivalent, the Company has ascertained its operating cycle as twelve months for the purpose of Current and Non- Current classification of assets and liabilities.

All the Indian Accounting Standards (“Ind AS”) issued and notified by the MCA are effective and considered for the significant accounting policies to the extent relevant and applicable for the Company.

The Financial Statements are presented in Indian Rupee (“INR”), which is the Company’s functional currency and all values are rounded to the nearest lakhs upto two decimals, except when otherwise indicated.

### **Principles of consolidation**

#### **i. Subsidiaries**

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the group has less than a majority of voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee.

The Group re-assess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the elements of control.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

The acquisition method of accounting is used to account for business combinations by the group.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

Profit or loss and each component of other comprehensive income (the 'OCI') are attributed to the equity holders of the parent of the Group and to the non controlling interests, even if this results in the non controlling interest having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

#### **ii. Associates**

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

#### **iii. Joint arrangements**

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has investment in joint ventures.

### Joint Ventures

Interests in joint ventures are accounted for using the equity method (see(iv) below), after initially being recognised at cost in the consolidated balance sheet.

#### iv. Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in below.

#### c. Key Accounting Estimates and Judgements

The preparation of Financial Statements in conformity with Ind AS requires Management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses at the date of these Financial Statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future period, if the revision affects current and future periods.

Information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year are:

##### i) Useful Lives of Property , Plant and Equipment and Intangible Assets

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed using the best information available to the Management.

##### ii) Provisions, Liabilities and Contingencies

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgments to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre - tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised, but disclosed in the Financial Statements when an inflow of economic benefit is probable. Provisions, contingent liability and assets are reviewed at each reporting date and are adjusted to reflect the current best estimates.

**iii) Recognition and Measurement of defined benefit obligation**

The obligation arising from defined benefit plans is determined on the basis of actuarial assumptions. Key actuarial assumptions include discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

**iv) Income Taxes**

The Company's tax jurisdiction is India. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions. Significant management judgements is also required in determining deferred tax assets and liabilities and recoverability of deferred tax assets which is based on estimates of taxable income.

**d. Property, Plant and Equipment**

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Freehold land are stated at cost. The cost comprises purchase price, borrowing costs if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future benefits from its previously assessed standard of performance. All other expenses on existing property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

Borrowing costs directly attributable to acquisition of property, plant and equipment which take substantial period of time to get ready for its intended use are also included to the extent they relate to the period till such assets are ready to be put to use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets.

An item of property, plant and equipment and any significant part initially recognized is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the Property, plant and equipment is de-recognized.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure

incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is neither related to the construction activity nor is incidental thereto is charged to the statement of profit and loss.

Costs of assets not ready for use at the balance sheet date are disclosed under capital work-in-progress.

#### **Depreciation methods, estimated useful lives and residual value**

Depreciation is calculated on written down value basis over the useful lives estimated by the management based on internal assessment as follows:

<b>Particulars</b>	<b>Useful Life</b>
Factory/Office Buildings	58 years
Plant and Machinery and ETP	18 years
Pollution Control Equipments	18 years
Laboratory Equipments	15 years
Electrical Installation	18 years
Office Equipments	15 years
Computers	6 years
Furniture and Fixtures	15 years
Vehicles	10 years

The Company, based on internal assessments, believes that the useful live as given above represents period over which the Management expects to use these assets. Hence, the useful lives for these assets is difference from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount. The residual values are not more than 5% of the original cost of the asset.

#### **e. Intangible assets**

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortization and accumulated impairment loss.

Subsequent expenditure is capitalized only when it increases the future economic benefits from the specific asset to which it relates. An intangible asset is derecognized on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss.

#### **Amortisation methods and periods**

Intangible assets are amortized on a written down value basis over the useful life of five years which is estimated by the management

The estimated useful lives of intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern, if any.

#### **f. Impairment of Tangible Assets and Intangible Assets other than Goodwill**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset

is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

#### g. Investments in Associates

Investments in associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in associates, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

#### h. Inventories

##### (a) Fertiliser Division:

**Raw Materials and Stores and Spares** are valued at lower of moving average cost or net realisable value.

**Finished stocks** are valued at cost or net realisable value whichever is lower.

##### (b) Construction Division:

Inventory comprises completed property for sale and property under construction (Construction Work-in-Progress).

➤ Completed unsold inventory is valued at lower of cost and net realisable value. Cost is determined by including cost of land (at book value), TDR, materials, services and other related proportionate overheads.

➤ Work-in-progress is valued at lower of cost and net realisable value. Cost comprises cost of land (at book value), materials, services and other proportionate overheads related to projects under construction.

The valuation of inventories includes taxes, duties of non refundable nature and direct expenses and other direct cost attributable to the cost of inventory, net of GST/ countervailing duty / education cess and value added tax.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The net realizable value of work-in-progress is determined with reference to the selling prices of related finished products. Raw materials and other supplies held for use in production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

**i. Cash and Cash Equivalents**

Cash and cash equivalents includes cash in hand, demand deposits with banks and other short term highly liquid investments, which are readily convertible into cash and which are subject to an insignificant risk of change in value and have original maturities of three months or less.

**j. Statement of Cash Flows**

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash.

**k. Financial Instruments**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of Profit and Loss.

**Financial Assets:**

On initial recognition, a financial asset is recognised at fair value. All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value through profit or loss ("FVTPL") or fair value through other comprehensive income ("FVOCI") depending on the classification of the financial assets.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

**Trade Receivables and Loans:**

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the Effective Interest Rate ("EIR") method net of any Expected Credit Losses ("ECL"). The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

**Equity Instruments:**

All investments in equity instruments classified under financial assets are initially measured at fair value. The Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument- by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

**Derecognition:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

**Impairment of Financial Asset**

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

Expected credit losses is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- . All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- . Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

**Financial Liabilities and Equity Instruments Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

**Financial Liabilities**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as FVTPL. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

All financial liabilities are subsequently measured at amortized cost using the effective interest method. Financial liabilities carried at FVTPL are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss. Interest expense are included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The EIR is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral

part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### **Financial Guarantee Contracts**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

When guarantee in relation to loans or other payables of subsidiaries are provided for no compensation, the fair values are accounted for as contributions and recognised as cost of investment.

#### **Derecognition of Financial Liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

#### **Derivative Financial Instruments**

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately. The Company has not designated any derivative instruments as a hedging instrument.

### **1. Provisions, Liabilities and Contingencies**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### **m. Revenue Recognition**

The Company derives revenues primarily from Sale of Fertiliser and business of Real Estate Development; its other operating revenues include Lease Rentals and Subvention Income.

Revenue from contracts with customers for sale of goods or services is recognised when the Company satisfies performance obligation by transferring promised goods or services to the customer at an amount that reflects the consideration which the Company is expected to be entitled to in exchange for those goods or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for trade discounts, incentives and returns, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers. The trade discounts incentives and right of return are estimated and provided for, based on historical, current and forecast information available. A refund liability is recognised for expected returns in relation to sales made, corresponding assets are recognised for the products expected to be returned.

The Company does not expect to have any contract where the period between the transfer of the

promised goods or services to the customer and payment by the customer exceed one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

#### **Sale of Goods**

Revenue from sale of goods is recognised at a point in time when the control of the goods is transferred to the customer involving single performance obligation. The control of goods is transferred to the customer depending upon the incoterms or as agreed with customer, delivery basis or dispatch, as the case may be (i.e. at the point in time when goods are delivered at the dealer site or when the customer purchases the goods at the retail outlet).

#### **Sale of Services**

Revenue from services, which mainly consists of lease rentals from letting of space, is recognised over time on satisfying performance obligations as per the terms of agreement, that is, by reference to the period in which services are being rendered. Revenue from services, if any, involving single performance obligation is recognised at a point in time.

Revenue is recognized upon rendering of the service, provided pervasive evidence of an arrangement exists, tariff / rates are fixed or are determinable and collectability is reasonably certain. Revenue from rendering of services is net of Indirect taxes, returns and discounts.

#### **Government Subsidy**

Subsidy is recognised on the basis of the rates notified from time to time by the Government of India in accordance with the Nutrient Based Subsidy (NBS) policy on the quantity of fertilisers sold by the Company for the period for which notification has been issued.

#### **Construction and real estate development**

The company derives revenues from sale of properties comprising of and residential units. The Company recognises revenue when it determines the satisfaction of performance obligations at a point in time. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the consideration which the Company expects to receive in exchange for those products.

In arrangements for sale of units the Company has applied the guidance in Ind AS 115, Revenue from contract with customer, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering sale of units as distinct performance obligations.

For allocating the transaction price, the Company has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer.

For sale of units the Company recognises revenue when its performance obligations are satisfied and customer obtains control of the asset.

Revenue from trading activity, in property as well as Transferable Development Rights (TDR), is recognized when significant risk and rewards of the property/TDR are transferred to the buyer, as demonstrated by transfer of physical possession and transfer of the title in the property/TDR.

#### **Trade Receivables, Contract Assets and Contract Liabilities Trade Receivables**

A receivable is recognised by the Company when the control over the goods and services is transferred to the customer such as when goods and services are delivered as this represents the point in time at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due (which is referred to as "Trade Receivable").

A receivable is recognised when the Company's right to an amount of consideration under the contract with the customer that is unconditional, as only the passage of time is required before payment is due.

**Contract Assets**

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

**Contract liabilities**

A contract liability is the obligation to transfer goods or services to the customer for which the consideration (or the amount is due) has been received from the customer. If the customer pays the consideration before the transfer of goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

**Interest Income and Dividend**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rates. Interest income is included under the head "Other Income" in the Statement of Profit and Loss.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income from a financial asset is recognized using the effective interest rate (EIR), which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend Income is recognised when the right to receive the payment is established. Incomes from investments are accounted on an accrual basis.

**n. Lease Liability****Short-term leases and leases of low-value assets**

The Company has elected not to recognise right-to-use assets and Lease Liabilities for short-term lease of Property, Plant and Equipment that have a lease term of 12 months or less and leases of low-value assets. The Company recognise the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term as part of 'Other Operating Income under Revenue from Operation' in the Statement of Profit and Loss.

**o. Cost Recognition**

Costs and expenses are recognised when incurred and are classified according to their nature.

**p. Employee Benefits****Long Term Post-employment benefits**

Contributions to defined contribution schemes are recognised as an expense when employees have rendered service entitling them to the contributions.

**Provident and Family Pension Fund**

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both the employees and the Company make monthly contributions at a specified percentage of the employees' eligible salary (currently 12% of employees' eligible salary). The contributions are made to the provident fund and pension fund to respective Regional Provident Fund Commissioner. The Company has no further obligations beyond making the contribution.

**The company has the following Defined Benefit Plans:****Gratuity**

The Company has an obligation towards gratuity, a defined benefit retirement plan covering

eligible employees.

Other long term employee benefits – The Company provides for encashment of leave or leave with pay subject to certain rules.

The Company makes provision for such compensated absences based on an actuarial valuation by an independent actuary at the year end, which is calculated using Project Unit Credit Method (PUCM). Actuarial gains and losses which comprise experience adjustment and the effect of change in actuarial assumptions are recognised in the Statement of Profit and Loss.

#### **Short Term Employee Benefits**

A liability is recognised for benefits accruing to employees in respect of wages and salaries, performance incentives and similar benefits other than compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

#### **q. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

#### **r. Government Grants**

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in Statement of Profit and Loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate. Specifically, government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognised as deferred revenue in the Balance Sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in Statement of Profit and Loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

#### **s. Foreign Currency Transactions**

The management of the Company has determined Indian Rupee (“INR”) as the functional currency of the Company. In preparing the Financial Statements of the Company, transactions in currencies other than the Company’s functional currency (“foreign currencies”) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

**t. Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus issue, bonus element in a rights issue and shares split that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**u. Taxation****Current Tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

**Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Financial Statements and their corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against those deductible temporary differences which can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset if there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the current tax liabilities and assets on a net or simultaneous basis.

**Current and deferred tax for the year**

Current and deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

**v. Segment Reporting**

Ind AS 108 establishes standards for the way that public enterprises report information about operating segments and related disclosures about products, services, geographic areas, and major customers. Based on the 'management approach' as defined in Ind AS 108, the company is required

to present information in the manner which the Chief Operating Decision Maker (“CODM”) evaluates the company’s performance and allocates resources. The analysis is generally based on an analysis of various performance indicators by business segments.

The accounting principles used in the preparation of the Financial Statements are consistently applied to record revenue and expenditure in individual segments, and are as set out in the relevant applicable accounting policies above. Revenue and identifiable operating expenses in relation to segments are categorized based on items that are individually identifiable to that segment.

Segment assets include all operating assets used by the business segments and consist principally of fixed assets, debtors and inventories. Segment liabilities include the operating liabilities that result from the operating activities of the business. Segment assets and liabilities that cannot be allocated between the segments are shown as part of unallocated corporate assets and liabilities respectively. Income / Expenses relating to the enterprise as whole and not allocable on a reasonable basis to business segments are reflected as unallocated corporate income / expenses. Inter- segment transfers are accounted at prevailing market prices.

### 3. Significant accounting judgments, estimates and assumptions

#### i. Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques which involve various judgements and assumptions.

#### ii. Estimation of net realizable value for inventories

Inventory is stated at the lower of cost and net realizable value (NRV). NRV for completed inventory is assessed by reference to market conditions and prices existing at the reporting date and is determined by the Company, based on comparable transactions identified.

#### iii. Impairment of non - financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset’s recoverable amount. An asset’s recoverable amount is the higher of an asset’s or cash-generating unit’s (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

#### iv. Recoverability of trade receivables

In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

#### v. Defined benefit plans

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

For the year ended March 31, 2021, the group has not recorded any impairment of receivables relating to amount owed by related parties (March 31, 2020: NIL). This assessment is undertaken each financial year through examining the financial position of the related party and market in which the related party operates.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****35. SEGMENT REPORTING**

A. For management purposes, the Company is organized into following three business units based on the risks and rates of returns of the products offered by these unit as per Ind AS 108 on 'Operating Segment' :

- Construction
- Fertilizers
- Resort

No operating segments have been aggregated to form the above reportable operating segment.

The Managing Director (MD) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the standalone financial statements. Also, the Company's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

The management assessed that the fair value of cash and cash equivalent, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair values for loans, deposits and other non current financial assets were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the Fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of non current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****ii. Fair Value Hierarchy**

All assets and liabilities for which fair value is measured in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Particulars	March 31, 2021			Total	March 31, 2020			Total
	Fair value measurement using				Fair value measurement using			
	Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)		Quoted prices in active markets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

<b>Total Financial Assets</b>	-	-	1.71	1.71	-	-	1.71	1.71

There have been no transfers among Level 1, Level 2 and Level 3 during the period

**Measurement**

**Level 1** - Level 1 hierarchy includes financial instruments measured using quoted prices.

**Level 2** - The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3** - If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity shares included in level 3.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****iii. Valuation technique used to determine fair value**

Specific Valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

**iv. Valuation processes**

The finance department of the company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee(AC). Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the company's quarterly reporting periods.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****37. FINANCIAL RISK MANAGEMENT**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee and finance team oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

The Company's activity exposes it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the company manages the risk.

**(A) Credit risk**

Credit risk is the risk that the counterparty will not meet its obligations leading to a financial loss. Credit risk arises from cash and cash equivalents, financial assets carried at amortised cost and deposits with banks and financial institutions, as well as credit exposures to customers including outstanding receivables.

**(a) Trade and other receivables**

Credit risk has always been managed by the company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the company grants credit terms in the normal course of business.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

A default on a financial asset is when the counterparty fails to make contractual payments of when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

**i. Provision for expected credit losses**

The company follows 'simplified approach' for recognition of loss allowance on Trade receivables.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

**ii. Exposure - Trade Receivables**

The ageing of trade and other receivables that were not impaired was as follows:

<b>Loss allowance on March 31, 2021</b>	<b>331.01</b>

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****(b) Other Financial Assets**

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

The carrying amount of cash and cash equivalents, loans, deposits with banks and financial institutions and other financial assets represents the maximum credit exposure.

**(B) Liquidity risk**

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company consistently generated sufficient cash flows from operations to meet its financial obligations.

Management monitors rolling forecasts of the company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. In addition, the company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements.

**Contractual maturities of financial liabilities**

The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. In the table below, borrowings include principal cash flows.

**(C) Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as commodity price risk.

**(i) Foreign currency risk**

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the import payables.

The Company evaluates exchange rate exposure arising from foreign currency transactions and follows established risk management policies and standard operating procedures to mitigate the risks.

**(ii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The management is responsible for the monitoring of the Company' interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable and competitive cost of funding.

However, during the periods presented in the financial statements, the Company has primarily borrowed funds under fixed interest rate arrangements with banks and financial institutions and therefore the Company is not significantly exposed to interest rate risk.

**(iii) Inventory price risk**

The company is exposed to the movement in price of principal finished product i.e Fertilizer. The main raw material i.e Rock Phosphate is imported from Egypt and its price is variable depending upon exchange rate. Fertiliser being a seasonal as well as subsidized product; prices of fertilizer are monitored by government. Department of Fertilizer implemented "Direct Benefit Transfer" (DBT) system for eligibility of subsidy on sale of fertilizer through POS machines. Company monitors the fertilizer prices on daily basis and formulates the sales strategy to achieve maximum realisation.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021****38. CAPITAL MANAGEMENT**

For the purpose of the company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the Company's capital management is to maximise the shareholder value.

The company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The company includes within debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents and other bank balances.
